- Rainbow Farm / Madison, OH – assorted fruits and vegetables
- Middlefield Original Cheese Co-Op / Middlefield, OH – cheese

\*consuming raw or undercooked proteins may increase your risk of foodborne illness

### THE STORY BEHIND THE NAME

The name honors the Michelson and Morley experiment, which took place at Case School of Applied Science and Western Reserve College in 1887. This collaboration resulted in the awarding of the Nobel Prize in physics to Albert Michelson in 1907 and the findings initiated a line of research that eventually led to Einstein's theory of relativity.
