

BON APPÉTIT AT JESSUP

At Bon Appétit, our passion is creating community through food. We make more than 200 million meals each year at college campuses, workplaces and cultural institutions that are not only delicious, but also embody core values, such as made-from-scratch cooking, wellness, dignity, and sustainability.

We strive to purchase at least 20% of our ingredients from smaller ranches within 150 miles of our kitchen.

As a company, we are committed to a plant-forward future.
